The Army's Military Decision Making: Adequate or Update and Expand? (Paperback)

By Jr United States Army Herman

Createspace Independent Publishing Platform, United States, 2012. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The United States Army largely missed the signs that a new threat was approaching, after the end of the Cold War, and was slow to understand and adequately plan for the changes that have since come to fruition. So how does the U.S. Army improve? The Army improves by transforming itself in order to more effectively deal with the increased complexity of the current and future operating environment(s). In order for the U.S. Army to be better equipped to formulate an excellent plan for the right problem the author believes that it is necessary for us to expand the current military problem solving and planning process. It is the author's contention that the United States Army's military decision making process, which has changed little since its debut in the 1932, is no longer viable given the current, and future, operating environment(s) and must be updated and/or expanded in order to better affect the current and future environments. The U.S. Army must adopt measures at all levels of the planning process to better understand...

Reviews

This publication is wonderful. it was actually writtern very completely and beneficial. You may like the way the writer compose this publication.

-- **Prof. Aisha Mosciski PhD**

This book will never be easy to start on looking at but quite entertaining to read. It is actually packed with wisdom and knowledge It is extremely difficult to leave it before concluding, once you begin to read the book.
