

Bringing Outdoor Science in: Thrifty Classroom Lessons

By Steve Rich

National Science Teachers Association. Paperback. Book Condition: new. BRAND NEW, Bringing Outdoor Science in: Thrifty Classroom Lessons, Steve Rich, When it's just not possible to take students out to explore the natural world, bring the natural world to the classroom. Clearly organised and easy to use, this helpful guide contains more than 50 science lessons in six units: Greening the School, Insects, Plants, Rocks and Soils, Water, and In the Sky. All lessons include objectives, materials lists, procedures, reproducible data sheets, ideas for adapting to different grade levels, discussion questions, and next steps. Almost all the needed materials are inexpensive or even free (such as leaves and rocks), and if you do get the chance to venture outside, the lessons will work there, too. By using Steve Rich's follow-up to his popular book *Outdoor Science: A Practical Guide*, you can introduce students to everything from bug zoos to the Sun and stars without ever needing to pull on a jacket.

Reviews

This is an amazing book that I actually have actually read through. I am quite late in start reading this one, but better then never. You will not truly feel monotony at anytime of the time (that's what catalogs are for concerning should you ask me).
