ZENDOR THE BARBARIAN: A NEW MILLENNIAL MYTH ABOUT THE BATTLE BETWEEN SCIENCE AND SPIRITUALITY. (PAPERBACK)

Createspace, United States, 2010. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Zendor the Barbarian: An orphan s battle with science and spirituality in the quest for identity. Maybe the most authentic and honest book you will read on the subject of extraterrestrial intelligence, investigating one s identity and congruence with science and spirituality. An orphan s quest for identity reveals a new millennial myth wrapped in a true story about the discovery and potential of extraterrestrial origins. The intense trials and tribulations of garnering wisdom in a world that seems alien imbue the journey with humility. As incredulous as it sounds, it is definitely worth the read. Serendipitously, the young boy is startled by an unknown voice soon after he finds out about his adoption. Two years later he finds himself ascending into an orange cigar-shaped cloud on a regular basis, but with no memory of what happens inside, only a sensation of familiarity and desire to return. What would you do? Just after his 18th birthday his cosmic mentor returns to ask the question, Are you willing to die for what you believe in? His life changes dramatically as a result of the answer. YES! His experience parallels near-death accounts, but goes far beyond them in scope. Aware of potential misunderstandings he risks sharing the encouraging news. Join in the journey as he questions reality, investigates the foundation of spirituality and comes to terms with the understanding of what he finds. He makes no pretense in his full disclosure, but maintains a humble attitude as he rips apart the status-quo in the old paradigm of fear, guilt and shame and thrusts his heart into the middle of chaos to find order. He finds a bridge for science and...
