iUniverse. Paperback. Book Condition: New. Paperback. 176 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. Zac Chambers, thirteen year old video game addict, discovers an underground invention called Cybertreks, created by the late mad scientist, Professor T. (Totally)Wild. As far as Zac is concerned, his discovery is better than any hidden bonus level he'd ever hoped to reach. It's the most sophisticated role-playing video game on the planet and it propels Zac and his three best friends into an awesome virtual adventure where they must play the game and win in order to escape back to reality. Nuclear fallout zones, laser-firing robots and an army of evil toxic mutants are just a few of the dangers they must face. And there's no health back-up in Level One! Can the foursome combine their talents and turn out some serious gameplay or will it be Game Over for all of them? There's only one way to find out. It's time to get interactive! This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
