Bibliogov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 50 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO reviewed a hazardous waste treatment, storage, and incineration facility in North Carolina, focusing on: (1) the operators compliance with federal environmental and worker safety laws; (2) federal and state efforts to ensure compliance with federal environmental and worker safety laws; (3) hazardous waste site disposal policies and procedures from the Environmental Protection Agency; and (4) the Navys policies and procedures for disposing of hazardous waste at the facility. GAO found that: (1) federal and state regulators did not adequately ensure compliance with the Clean Air Act, the Occupational Safety and Health Act, and Resource Conservation and Recovery Act; (2) regular inspection of the facility did not alter a pattern of federal environmental law violations; (3) reasons for the limited environmental and worker safety protection standards included the facilitys interim status, less stringent air pollution laws, and a low-hazard facility designation by the Occupational Safety and Health Administration; (4) the Environmental Protection Agency and the Navy contracted for hazardous waste disposal and incineration at the facility, while deeming it compliant with laws and regulations; and (5) since the facilitys closing, significant federal changes have been instituted to ensure environmental and worker safety protection. This item ships from La Vergne, TN. Paperback.
